

The most important

ZIM-Kennung/ ZIM username

Most systems require your username called „ZIM-Kennung“ (e.g. muster06) for signing in. You receive this username automatically with the matriculation at the University of Passau. The „ZIM-Kennung“ is necessary for signing in on the computers in the PC-pools as well as for many important study services such as Stud.IP, Campusportal or HISQIS.

Forgot your password?

24-hours-password-service via SMS and e-mail: Free of charge and available wherever you are

Important: Keep your contact details up to date in Campusportal!

More information: www.zim.uni-passau.de/kennung

CampusCard

You apply for your CampusCard in the Cardportal on studip.uni-passau.de. After that you will receive a notification both on Stud.IP and via e-mail about when and where to get your card. For pickup please bring your signed receipt and an official photo identification.

Functions of your CampusCard:

- Pay at canteen (Mensa) and cafeterias
- Pay for printing and copy services
- University library card
- Access to sports center
- Access to the student's underground parking (application needed)
- Bus ticket (only after validation)

More information: www.uni-passau.de/campuscard

Help&Support

Hilfe-Portal

You are looking for instructions for Stud.IP, CampusCard, WiFi and others? Visit our „Hilfe-Portal“.

Zentrum für
Informationstechnologie
und Medienmanagement

Digital Campus

HISQIS

In HISQIS you sign on and off exams, download transcripts of records and other transcripts.

Follow qisserver.uni-passau.de for HISQIS

Stud.IP

Stud.IP is used for signing up for classes and lectures, creating your weekly schedule and accessing learning material. You can also manage your CampusCard on Stud.IP (e.g. blocking in case of loss).

Follow studip.uni-passau.de for Stud.IP

Campusportal

On Campusportal you can print and save certificates e.g. for matriculation. You can also leave your phone number for the 24-hours-password-service.

Follow campus.uni-passau.de for Campusportal

ILIAS

ILIAS complements Stud.IP by providing functions for virtual teaching. University classes may be supplemented with additional learning contents and class recordings.

Follow ilias.uni-passau.de for ILIAS

UniVideo

UniVideo is the video platform of the University of Passau. Here you can find videos on current topics, classes and events as well as support videos.

Follow video.uni-passau.de for UniVideo

Work Stations

Free Software

- Sophos-Antivirus
- Microsoft Office 365 for studies & private use
- Microsoft Imagine (for certain study programmes)

More information: www.uni-passau.de/sonderkonditionen
